 Re: **SUMMER MUSIC CAMPS**

As summer is fast approaching, I am sure that many of you are making plans for a fun filled summer for your family. I would like for you to consider sending your child to one of the many music camps available in Southern California. This will keep them involved in music, improve their playing abilities, and also allow them to make friends from all around Southern California. All groups perform for the public on the last day of camp. I have information for 3 Southern California summer camps. They range in price, length and scope. All offer discounts based on number of students participating (from the same school, siblings, etc.). These camps do have musical groups for elementary and high school students, please contact the camps for more information. I have listed summaries below (taken from their respective flyers) and if you would like to have more information, please feel free to contact me at [dhaslop@mbusd.org](mailto:dhaslop@mbusd.org) or at (310) 545 4878 x 3121. If you have decided to enroll your child in any one of these camps, please let me know, as there may be other students who would like to be at the same camp, if so, we can arrange for group discounts. Also, if my schedule allows, I would be interested in visiting the camps on the last day to hear their performances.
